Fall 2012 University of Maryland, College Park	Adjunct Instructor School of Public Health, Department of Behavioral and Community Health
Spring 2011-Summer 2013 Northern Virginia Community College	Adjunct Instructor Division of Languages, Arts, and Social Sciences

RESEARCH POSITIONS

2020-2021 University of Southern California	Research Investigator Keck School of Medicine, Institute for Addiction Science
2019-2020 University of Southern California	Research Investigator Keck School of Medicine, Community Scholars Collaborative on Health Equity Solutions
2019-2021 University of Southern California	Research Investigator Keck School of Medicine, Institute for Health Promotion and Disease Prevention Research
2014-2017 Truth Initiative	Project Director Schroeder Institute for Tobacco Research and Policy Studies
2013-2014 The ISA Group	Research Associate Center for Wellness and Health
2012-2013 George Washington University	Research Assistant Milken Institute School of Public Health, Department of Prevention and Community Health
2005-2006 University of Alabama, Birmingham	Research Assistant School of Health Professions, Department of Nutrition Sciences

APPOINTMENTS AND AFFILIATIONS

2022-Present San Diego State University	Faculty Member, SDSU-UCSD Joint Doctoral Program in Interdisciplinary Research on Substance Use
2021-Present University of California, San Diego	Affiliate Faculty Member, SDSU-UCSD Joint Doctoral Program in Health Behavior

2021-Present University of California, San Diego	Affiliate Faculty Member, Dissemination and Implementation Science Center
2021-Present University of California, Los Angeles	Combination Prevention Core Scientist, Center for HIV Identification, Prevention, and Treatment Services
2017-Present Westat, Incorporated	Early Stage Investigator, Center for Coordination of Analytics, Science, Enhancement, and Logistics in Tobacco Regulatory Science
2011-2012 United States Agency for International Development	HIV/AIDS Prevention Advisor, USAID/Malawi, USAID/Tanzania, HIV/AIDS Prevention, Care, and Treatment Programming
2010-2011 United States Department of Health and Human Services	HIV/AIDS Prevention Intern Office on Women's Health
2004-2006 University of Alabama, Birmingham	Peer Educator, Sexual Health Awareness through Peer Education Program, 1917 Clinic

PROFESSIONAL GROWTH

FUNDED RESEARCH GRANTS

*denotes community partner

Current Research Funding:

- Racial Equity in Systems to Treat Opioid Use Disorder for Everyone (RESTORE): A Pilot Randomized Controlled Trial
NIDA DP1DA058978 **Smiley (PI)** 09/01/2023-08/31/2028
For this National Institute on Drug Abuse Racial Equity Visionary Award, I propose to prepare for a fully powered clinical trial by developing, implementing, and testing whether a Black-focused buprenorphine treatment intervention protocol that targets structural barriers to opioid use disorder treatment is feasible in the context of community health centers (CHCs) and saves lives.
Award Amount: \$5,200,000
Role: PI
- California Center for HIV Syndemic Policy Research: A Capacity Building Community-Academic Collaborative Approach
CHRP H24PC7790 **Smith/Smiley/Harris (MPI)** 08/01/2023-03/31/2025
The California Center for HIV Syndemic Policy Research will build capacity within California's most impacted communities to co-develop and disseminate HIV policy research focused on the social and structural drivers of HIV, substance use, and mental health inequities. This will be done by developing our Center's infrastructure through four cores focused on HIV policy research (i) Capacity Building, (ii) Methods, and (iii) Dissemination; achieved via coordinated (iv) Administrative support.
Award Amount: \$1,242,708
Role: MPI
- Interrupting Tobacco-Related Disparities Among Housing Insecure Youth: A Strengths-Based Approach
TRDRP T33CR6428 **Jella* (MPI), Felner (MPI)** 07/01/2023-06/30/2025

This California Tobacco-Related Disease Research Program-funded project aims to draw on the strengths of the partner organizations to develop a youth-informed, strengths-based intervention nested within existing supportive resources to address persistent tobacco-related health disparities among youth experiencing homelessness.

Award Amount: \$998,002

Role: Co-I

4. Society for Research on Nicotine & Tobacco 2023 Annual Meeting
 FDA R13FD007820 Pearson/**Smiley**/Kong/Fowler/Henderson (**MPI**) 01/01/2023-12/31/2023
 The SRNT Annual Meeting is the venue for presentation of novel findings from nicotine and commercial tobacco regulatory science research projects and networking across scientists in this emerging field. We seek a Food and Drug Administration-Center conference grant to expand the visibility and impact of nicotine and commercial tobacco regulatory science presented at the SRNT 2023 Annual Meeting.
 Award Amount: \$50,000
 Role: MPI

5. A Qualitative Study Designed to Explore the Experience of Social Isolation, Loneliness, and Cognitive Function among Older Black Individuals with Cocaine-Use Disorder (CUD)
 NIA P30AG059299 **Smiley (PI)** 07/01/2022-06/30/2024
 This National Institute on Aging project expands the San Diego Resource Center for Advancing Alzheimer's Research in Minority Seniors specific aims by exploring the experience of cocaine use initiation, health effects of cocaine use (physical, mental, cognitive), social isolation, and loneliness among older Black individuals with CUD.
 Award Amount: \$33,158
 Role: PI of Research Supplement

6. NextGen Smoke and Vape Free Latinx Scholars Program
 TRDRP T32SR5041 Oren (MPI), Mjathed* (MPI) 03/01/2022-02/28/2026
 The NextGen Smoke and Vape Free Latinx Scholars Program, funded by the California Tobacco-Related Disease Research Program, recruits, and train Latinx undergraduate students to become nicotine and commercial tobacco control researchers, advocates, and serve the rapidly growing Latinx population in California.
 Award Amount: \$1,390,444
 Role: Co-I

7. Regulating Menthol Cigarettes: Understanding how Restrictions Affect Retailers and Smokers
 TRDRP T31IP5502 **Smiley (PI)** 08/18/2021-06/30/2024
 This California Tobacco-Related Disease Research Program project addresses intended and unintended consequences of implementing local policy restricting sales of menthol cigarettes and other flavored commercial tobacco products by examining knowledge, attitudes, and beliefs of licensed commercial tobacco retailers and Black/African American menthol cigarette smokers in the unincorporated communities of Los Angeles County.
 Award Amount: \$259,332
 Role: PI

8. Innovative Development of a Research Engagement Manual (I-DREM): Strategies to Enhance Recruitment and Retention of Black Individuals into Clinical Trials for Substance Use Disorders
 NIDA UG1DA020024 Trivedi (PI) 05/01/2021-01/31/2024
 Funded by the National Institute on Drug Abuse, "I-DREM", ancillary study to Clinical Trial Network-0109-A-1, identifies barriers and solutions to recruitment and retention of Black/African American individuals in substance use disorder clinical research.
 Award Amount: \$666,761

Role: Co-I

Pending Research Funding:

1. HIV + Syndemics: Addressing Inequities by Increasing Access to Smoking Cessation in HIV Safety Nets
CHRP H24SB7827 **Smiley (PI)**

HIV safety nets are key settings for delivery of smoking cessation services to PLWHA. The interconnection between cigarette smoking and HIV presents an opportunity to ensure access to smoking cessation in clinical settings for people living with HIV/AIDS (PLWHA). The following are the specific aims for this project: AIM 1. To determine the availability of smoking cessation in HIV safety nets across eight California counties with the highest burden of new HIV infections. AIM 2. To identify barriers that PLWHA face when seeking smoking cessation in HIV safety nets across eight California counties with the highest burden of new HIV infections. AIM 3. Disseminate research progress and findings to service providers, PLWHA, and State/county HIV planning groups.

Award Amount: \$310,500

Role: PI

Completed Research Funding:

1. HIV and Syndemics Policy Research Supplement
CHRP H21PC3238 **Smiley (PI)** 04/01/2023-07/31/2023
This California HIV Research Program project expands the Northern California HIV/AIDS Policy Research Center specific aims by conducting a statewide needs assessment on the provision of smoking cessation services among Ryan White HIV/AIDS Program-funded clinics and community-based organizations in Central and Northern California.
Award Amount: \$55,744
Role: PI of Research Supplement
2. We the People: An HIV Policy Research Center that Works for All of California
CHRP H21PC3601 Johnstone*/**Smiley**/Smith/Harris (**MPI**) 04/1/2021-03/31/2023
The California HIV/AIDS Research Program Policy Center, "We the People", expands the HIV policy discourse and evidence base to include nicotine and commercial tobacco; integrate community and academic expertise; generate timely, high-impact policy analysis; and link theory with policy implementation and evaluation.
Award Amount: \$2,062,485
Role: MPI
3. Society for Research on Nicotine & Tobacco (SRNT) 2022 Annual Meeting
FDA R13FD007549 Pearson/**Smiley**/Kong/Fowler/**Smiley**/Piper (**MPI**) 02/01/2022-01/31/2023
This Food and Drug Administration conference grant expanded the visibility and impact of nicotine and commercial tobacco regulatory science presented at the SRNT 2022 Annual Meeting in Baltimore, Maryland. The SRNT Annual Meeting is the venue for presentation of novel findings from nicotine and commercial tobacco regulatory science research projects and networking across scientists in this emerging field.
Award Amount: \$50,000
Role: MPI
4. Regulating Menthol Cigarettes: Understanding how Restrictions Affect Retailers and Smokers
TRDRP T31RP2083 **Smiley (MPI)**, Beard* (MPI) 07/01/2020-08/17/2021
This California Tobacco-Related Disease Research Program project will address intended and unintended consequences of implementing local policy restricting sales of menthol cigarettes and other flavored commercial tobacco products by examining knowledge, attitudes, and beliefs of licensed commercial tobacco retailers and Black/African American menthol cigarette smokers in the unincorporated communities of Los Angeles County.
Award Amount: \$287,115

Role: MPI

5. Identifying Online and Brick-and-Mortar Vape Shop Marketing Characteristics and Communicating FDA Regulatory Authority to Vape Shop Employees in Multiple Racial/Ethnic Neighborhoods in Los Angeles, California
 NCI/FDA-CTP U54CA180905 **Smiley (PI)** 09/01/2019-08/31/2021
 This National Cancer Institute Supplement to Promote Diversity in Health-Related Research project expanded the University of Southern California Tobacco Center of Regulatory Science (TCORS) Project 2 specific aims by examining vape shop marketing practices and interviewing vape shop owners.
 Award Amount: \$357,720
 Role: PI of Research Supplement

6. Social Identities, Cell Phone Technology, and Health: A Mixed Methods Approach to Exploring Identity Construction, Sexualized Text Communication, and Substance Use Among Young Black Sexual Minority Men
 NIDA R25DA035692 **Smiley (PI)** 04/01/2015-03/31/2017
 This pilot project explored the processes of identity construction and the role of technology in the contexts of daily life among young Black sexual minority men residing in communities at high-risk for HIV/AIDS, substance use disorder, and trauma-related stress; and examined the feasibility of text messaging for ecological momentary assessment of daily social interaction and substance use in this understudied population.
 Award Amount: \$10,000
 Role: PI of Research Supplement

7. A Mixed Method Ecological Momentary Assessment Study of Cognition and Behavior Among New Electronic Nicotine Delivery System (ENDS) Users
 NIDA R21DA03647202 Pearson (PI) 09/30/2013-08/31/2016
 This exploratory, longitudinal study employed a mixed method design to yield a detailed description of the ENDS initiation process among adult smokers who do not have a plan to quit cigarette smoking in the next 30 days. Our team identified potential mechanisms predicting ENDS use, including how ENDS displace or are used concurrently with cigarettes.
 Award Amount: \$357,257
 Role: Project Director

8. RAPID: Risk Assessment and Prevention Involving Drug and Sexual Behavior
 NIDA 271201000034C-2-0-2 Billings (PI)) 09/30/2010-09/29/2012
 This randomized controlled trial tested the efficacy of "RAPID", a computer-based assessment of drug use and sexual risk behaviors among a client population in an urban substance abuse treatment assessment and referral center.
 Award Amount: \$524,651
 Role: Research Associate

FUNDED TRAINING GRANTS

1. The San Diego Alzheimer's Disease Resource Center for Minority Aging Research (AD-RCMAR)
 NIA P30AG059299 Moore (PI) 07/01/2022-06/30/2023
 The goal of the San Diego AD-RCMAR is to enhance the diversity of the aging research workforce by mentoring scientists from underrepresented groups for careers in Alzheimer's Disease and Related Disorders (ADRD) relevant research.
 Role: Early Stage Investigator

2. Addiction Scientists Strengthened through Education and Training (ASSET)
 NIDA R25DA035692 Zuniga de Nuncio (MPI), Pitpitan (MPI) 06/01/2021-05/31/2022

The ASSET Program leverages existing San Diego State University, University of California, San Diego educational resources and training capacity, along with mentorship to support early stage investigators in their professional growth to become independent substance use/addiction scientists and clinician researchers.

Role: Faculty Scholar

3. Florida-California Cancer Research, Education and Engagement (CaRE2) Health Equity Center
NCI U54CA233465-04 Carpten/Reams/Redda/Stern/Wilkie/Xing (MPI) 09/01/2019-05/31/2021
The Florida-California CaRE2 Health Equity Center is designed to reduce cancer disparities in Blacks/Africans Americans and Latinos, to train and increase the pool of underrepresented Black and Latino scientists conducting health disparity research, to increase research capacity at an institution serving underserved health disparity population and underrepresented students (Florida A&M University), and to increase cancer disparity research at the University of Florida and the University of California-Norris Comprehensive Cancer Center.
Role: Early Stage Investigator
4. The University of Southern California (USC) Tobacco Center of Regulatory Science (TCORS) for Vulnerable Populations
NCI/FDACTP P50CA180905 Samet (MPI), Pentz (MPI) 07/01/2017-08/31/2019
The USC TCORS addressed the cross-cutting theme of commercial tobacco use among vulnerable populations, and an agenda of methods development and research that helped to assure that the activities of the Food and Drug Administration (FDA) reach to the diverse groups at risk for nicotine addiction and the adverse consequences of commercial tobacco use.
Role: Postdoctoral Fellow
5. The University of California, Los Angeles (UCLA) HIV/AIDS, Substance Abuse, and Trauma Training Program (HA-STTP)
NIDA R25DA035692 Wyatt (MPI), Milburn (MPI) 04/01/2015-03/31/2017
The UCLA HA-STTP is a collaboration of the Center for Culture, Trauma and Mental Health Disparities, the UCLA AIDS Institute, and the Center for HIV Identification, Prevention and Treatment Services (CHIPTS). HA-STTP is designed to provide multidisciplinary, state-of-the-art training to better equip early stage investigators to submit and receive National Institutes of Health (NIH) grant funding.
Role: Early Stage Investigator
